SPORT NOTES

GREETINGS TO GOLFERS

May you drive as straight as the arrow flies.
From the archer's hand through the distant blue
With a rhythmic swing that's a joy to see
And a matchless, well-timed follow-through.
May your masher shot seek the sweet spot you plan
And the gripping turf hold it firm and true;
And your long iron sail in the face of the wind
With never a wobble to trouble you.
From the edge of the green, or the two foot space,
May the putt glide straight to the waiting hole.
And the clear, sweet click in the little cup
Bring thrills to the heart and joys to the soul.
Just a perfect stroke and a perfect round
And the joy of the golfer the whole match through
Just a blissful year with the great est game,
This is my getting wish to you.
And your wish will ever find the perfect stroke,
Or the perfect round that we yearn to see.
There's the joy of the seeker the whole glad way
For expert, for dabb, for you and for me.

AL ANDERSON ISSUES CHALLENGE TO STEVE TROJACK FOR FIGHT

Al Anderson, battling heavy weight who fought Jack Reddick in Stratmore, who has a lot of

little encounters to his credit, is looking around for new worlds to conquer. He has an eye on Winnipeg, and has issued a challenge to Steve Trojack, of Winnipeg. He says he just wants one chance at the Winnipeg boy, and, moreover, thinks he can make it worthwhile for all concerned.

Anderson has fought right across the west and north, as well as in the States, and has a nice string of victories in his record. This summer he has been training as he never trained before, and claims he is in shipshape to meet the Winnipeg gridiron star.

TOUGH BLOW TO BLUE LARKSPUR AND OWNER BRADLEY

Just at a time when it appeared that he might eventually better the mark set by Zev as a money winner, Blue Larkspur faced the prospect that he may never be able to race again. While in training for the Arlington Handicap, which will be run this afternoon, Blue Larkspur broke down, and the worst is feared. He has won \$272,076, while Zev's American turf record is \$303,940.38. The E. H. Bradley Kyaroid champion of the United States last season, had been showing unusual form, and it was thought likely that he would win today's classic event, a \$20,000 purse, being the attraction.

Here is Blue Larkspur's record: 1928—Allowances, Belmont, third; \$100; allowances, Belmont, won, \$200; Juvénile Stakes, Belmont, won, \$17,750; National Stallion Stakes, Belmont, won, \$25,410; Saratoga Special, won, \$16,570; Hopeful Stakes, Saratoga, won, \$6,000; Futurity, Belmont, unplaced, 1929—Allowances, Lexington, won, \$650; Kentucky Derby Churchill Downs, unplaced, \$1,000; Withers Stakes, Belmont, won, \$28,250; Belmont Stakes, won, \$10,400; Dwyer Stakes, Aqueduct second, \$1,000; Classic, Arlington, won, \$50,000; 1930—Allowances, Arlington, second, \$400; Stars and Stripes, Arlington, won, \$26,000; Arlington Cup, won, \$25,200; Tot al—First, ten times; second, two; third, one; unplaced, 2; earnings, \$124,000. With such an imposing record there was ample reason to believe that in due time Larkspur would have surpassed the mark set by the sensational Zev, and it is, therefore, doubly unfortunate that his career should be cut short. Gallant Fox, however, remains in the lead, and unless he is retired will establish a new high-water mark for the United States turf.

McLARNIN IN GREAT DEMAND
Several cities want the world's welterweight championship bout between Young Jack Thompson at Los Angeles and Jimmy McLarnin at Vancouver, but New York, through the Madison Square Garden Corporation, seems most likely to get it. McLarnin is a great drawing card in New York, and The striden can afford to outbid Los Angeles, Detroit and the other cities interested.

McLarnin defeated Thompson shortly before the latter won the championship from Jackie Fields. The decision was close, but the Canadian star would be conceded slightly better than an even chance of winning the championship if matched with Thompson.

NAMAKA

Mr and Mrs Edwards of Majorville spent Sunday at the home of Mr and Mrs E. C. Watts. On their return they accompanied them.

Mr and Mrs Huntington of Calgary spent the week end at the home of Eustice and Fawkes.

Mr Ernie Wilson was a Calgary visitor over Sunday.

Mrs J. B. King and daughter of Calgary are the guests of Mrs Wilby over the week end.

Mr and Mrs Behan and family spent Sunday with friends at High River.

Harvesting commenced last week and will be general this week.

H. B. Brown, Andy Thompson, Don Hagar and Wm. Forbes spent several days at the Highwood Hotel, last, mounting some fine specimens.

NEW APARTMENT MODEL of World's Fastest Electric Range

No matter how small your kitchen this compact Hotpoint Hi-Speed Range will fit in admirably. And it offers you not only the cleanliness and convenience of electric cooking but also unsurpassed speed and economy.

Exclusive Hotpoint features include instant resisting porce-

lain enamel with harmonious shades of cream white and dove grey—indestructible Hi-Speed Elements (fastest and most economical by record test)—and sturdy All-Steel Construction.

Hotpoint Hi-Speed Ranges are priced as low as \$55 and you may buy any model on convenient terms.

FOR SALE BY Strathmore Hardware

The U F W A ice cream social held at the home of Mrs Peterson was well patronized and all enjoyed the plentiful supply of ice cream and cake.

Mr and Mrs Hallberg, Sr. of Vancouver have taken up their residence at the home of Mrs Hubgood.

Mr Ley accompanied by his daughter Evelyn left on Monday for Graveland, Manitoba where they will spend their vacation among relatives.

First class honors were awarded Miss Evelyn Ley in the recent Toronto Conservatory of Music Exams, held at Calgary. Evelyn was also successful in her 11 grade exams. Congratulations.

The thermometer registered 100 degrees in the shade Thursday of last week.

LANGDON

Langdon was a busy place Friday August 1st when the local W. I. was hostess to the Glenelch Constituency Conference. Dinner was served to over the delegates and visitors. Among the visitors were Mrs H. Montgomery of W.

taskwin, president of Alberta Women's Institutes, Mrs F. Alcock District Director, Mrs J. P. Price, Publicity Secretary, Mrs F. G. Grevelt, Conventer Okotoks Constituency and many others.

The Annual Family Reunion of the Dye family was held July 30 and 31 at the V. E. Dye and L. Little home. All the children and their families were present making forty-two in all. Those present were Mr and Mrs V. E. Dye, Misses Ruth and Ada Dye, Russ Dye and family, L. H. Little and family, Leonard Dye and family of Saskatchewan, Mr Houston and family of Stawley, L. Dye and family of Lee, and Mrs H. Dye and children of Alka.

W. Alcock has rented his Lane house to Mr P. K. Hall, the Watkins man, and the Allocks have bought a home in Calgary. Mrs Alcock and her girls moved to their new home August 1st while Walter will stay here where he is manager of the U. G. O. elevator.

More entries have been received for the Fair than any previous year. Mrs Jean Marshall of Calgary was guest of her schoolmate Mrs E. Moss from Monday to Saturday.

Mrs Wm. Barrow, Miss V. Barrow and Joe Yarmann went to Brooks Wednesday for a visit.

News & Views Of The World

Fairy Rhymes Come True

"Hey diddle, diddle!
The cat and the fiddle,
The cow jumped over the moon . . ."

In our childhood days we accepted the above as gospel, the world being then new and wonderful where anything might happen. But it remained for the year 1929 to make it partly true by the airplane flight of Strathmore's Hanna Pynchik, prize Holstein calf of the C.P.R. Experimental Farm at Strathmore, to Calgary and back. Little Hanna whose mother's half sister is the famous Strathmore Sylvia with a record of 25,271 pounds of milk in one year, was clad for her journey in a pumona jacket. Her feet were secured and a strong sack placed around her to the neck. She lay quiet in the plane and her up to the nose. Last night Hanna who was named after John H. Hanna, secretary of the Calgary Board of Trade, greeted by a number of aboard the plane.

Leading Calgary and visitors on her arrival. Inset shows her peering out of her pumona jacket.

Dr. William Hamilton Fyfe, headmaster of Christ's hospital school, appointed principal of Queen's University, Kingston, Ont., in succession to Rev. Dr. Bruce Taylor, retired.

Cardinal Rouleau, Archbishop of Quebec, who was named by the pope as a member of the Sacred Congregation of Rites.

Opera Season at Banff

Twice a week during July and August, the Light Opera Company of Alfred Heather has been engaged to play at the Banff Springs Hotel. A very wide variety of operas will be produced including Gilbert and Sullivan, nineteenth century compositions and light and buffed operas by Canadian writers and composers on Canadian subjects. The company, composed of actors as well as singers, was organized by Alfred Heather, whose name is on the program for "The Beggar's Opera," a work which is among those to be played at Banff. Allan Burt, light baritone, formerly with the Opera Company of Montreal, is the company's tenor, who is teamed with "The Beggar's Opera," star; Randolph Crowe, baritone, who made a big hit in his rendering of John the Butcher, in "The Beggar's Opera"; Mary Frances James, soprano, who has been a featured soloist in the grand opera produced at Canadian Pacific Festivals; Herbert Hewitson, tenor; Jean King, contralto, and Amy Fleming, mezzo.

C. P. R. ENTERS BROADCAST FIELD

A series of radio broadcasts has been inaugurated by the Canadian Pacific Railway every Friday night from 10 to 11 over CKAC in Montreal and CKWV in Toronto with possibility of extension to other major Canadian cities in the near future. The basis of the programme has been organized under the baton of Rex Battle, whose work as the director of current programmes in Montreal and latterly at the Royal York, Toronto, has won him great popularity. A small opera company has been organized for the production of light ballad operas such as have featured the Canadian Pacific Music Festivals at Toronto, Winnipeg, Regina, Vancouver and Victoria, and these will be given under the direction of Alfred Heather, well-known character actor and impresario. Ballad operas in French produced at the Quebec Festival, together with French-Canadian folk songs, will be produced under the direction of Charles Marchand, popular folksinger. The larger illustration shows a sea-scape scene from the ballad, "Band for the Rio Grande," with inset of John Goss, who will star in the radio production. The other inset are Rex Battle, leader of the orchestra, and Alfred Heather, character actor and producer of the ballad operas to be broadcast.

Here and There

While the Canadian Chamber of Commerce is completing plans for its official tour of China and Japan leaving Vancouver October 20, S. S. Empress of Russia, an important group of Japanese manufacturers and merchants is due to arrive at the same port July 25 on board the Empress of Canada for a tour of Canada and the United States.

To remove the prejudice of men women want to be regarded as their partner and to be taken as such, the merit regardless of sex is the view of Miss Helen Cleveland, of Toronto. Holder of a "man's" job with an internationally known business house and recently elected president of Zonta International at the 19th annual meeting of the world wide women's organization. With forty members of that body she is taking the Alaska trip aboard S.S. Princess Louise.

The greatest living golfer is Bobby Jones and the most enthusiastic golfer in the world is probably the Emperor of Japan, according to Walter Hackett, colorful U.S. golfer just back aboard S.S. Empress of Russia after a tour of Australia, Japan and China. Both Hackett and Kingwood who accompanied him, voiced high appreciation of Japanese golf courses.

Major Ian Hay Beth, noted author of "The First Hundred Thousand" and many other plays and novels, arrived recently at Quebec aboard S.S. Empress of France for a four week sojourn in the Dominion where he hopes to fish and do nothing, although he may pick up an idea for a play or something for one or a away the last out for likely material.

"Land of Heart's Desire" is the description of New Brunswick by Samuel Hedges in his "Tourist Topics" column in the New York American, because it "always turned out to be closer in reality than anybody said it was on paper."

A million dollar contract has been offered the Turbott Products Co. Ltd. of New Glasgow for Torbairie residue at its cost from the Grist report. This order comprises 250,000 tons at \$4 a ton and becomes effective sixty days from July 5.

Nova Scotia fisheries in 1929 had a product valued at \$13,455,493 according to a report issued by the Dominion Bureau of Statistics. Value of the preceding year's catch was placed at \$12,504,583.

Prospects are that Canada will this year advance into second place among the gold-producing countries of the world. South Africa holds first place and United States second. Last year the value of gold produced in Canada was approximately \$42,000,000. This year it is expected to be about \$60,000,000.

These two pets are the best of friends. The pony made up to his friend on a woman's neck. It looks like love of dog and pony.

CANADIAN NATIONAL POLICE CHAMPIONSHIP

Setting a record unequalled elsewhere in one year in winning trophies, the Canadian National No. 1 Revolver Team of Winnipeg, in recent contests, captured the Dominion of Canada Open Championship (Domestic Cartridge Company Cup); Dominion of Canada Rapid Fire Championship (D.C.R.A. Shield); Dominion of Canada Police Championship (Chief Constable Cup); Provincial Police Championship (Police Association's Gold Badge); Highest Aggregate; Birks Medal; Highest Individual Record; Third Place United States Aggregate; Highest Aggregate D.C.R.A. Matches; Highest Record Score Provincial Police Championship; Highest Record Score Dominion Police Championship; Highest Record Score Dominion Open Championships.

J. W. Brune holds the United States Intermediate Championship, while M. Ross, another member of the Canadian National team, holds the Novice Championship of Canadian Police Championship (Canadian Police Championship).

NEW TARIFFS ARE SELDOM VERY POPULAR

The new tariff in the United States is creating no little concern and the Monitor which is not party paper says that: President Hoover is reported as deliberating carefully and cautiously over the personnel of the reorganized tariff commission which will supervise the administration of the Hawley-Smoot tariff law. The flexible provision of that law, for which the President contended to the point of a threatened veto, in Mr Hoover's opinion, greatly enhances the importance of the commission, and incidentally, vastly extends the responsibility of the President. It is natural that one of Mr Hoover's disposition should therefore be disinclined to share this responsibility with a commission composed, as too many such have been, of politicians or the representatives of special interests.

Many signs point to a continuing and increasing discussion of the tariff issue despite the fact that actual legislation is out of the way. To say that there is widespread dissatisfaction with that legislation is merely to say that political history is repeating itself. Always a new tariff is unpopular. Never does it effect the miraculous stimulation to industry which its advocates promise. William McKinley, being elected to the Presidency not long after the enactment of the tariff law which bore his name was dubbed during his campaign "the advance agent of prosperity". For nearly two years thereafter his supporters, in face of continued depression, writhed under the ironical question, "Why is the advance agent so far ahead of the show?"

The present law is possibly no more unpopular than those which preceded it, except among the farmers, who are beginning to question the value of tariff favors to their industry. Yet certain new conditions, industrial and financial, make it seem probable that the business community will not permit it to go unattacked. The United States has become a creditor nation—second only to Great Britain in that capacity. Its income from foreign loans, exclusive of the growing volume of dividends from investments in foreign industries, is estimated at \$876,000,000 annually. It is a mere truism to say that this cannot in the last analysis be paid in foreign money, and can only be partially met by shipments of gold. Normally it would be paid in foreign goods, but the tariff barrier puts a new obstacle in the way of such settlements. As a result American balances abroad are being continually reinvested in foreign properties, thus inevitably increasing each year the volume of indebtedness to the United States. The situation is irritating to the foreign debtors and—in the end—economically hurtful to American industry.

For the development of mass production in the factories of the United States has resulted in many industries in a volume of production which exceeds the capacity of the home market to absorb. Foreign markets, then, must be sought, and as a result the export business of the United States has steadily increased since the war. But exports, like the interest on foreign loans, must in the main be paid for in goods, and against such barrier the tariff opposes a serious barrier. But more. The various nations of Europe have discovered that tariff making is a game that two can play at. With almost one accord they are erecting tariff barriers against the products of the United States. At a time when, if

ever, unrestricted foreign markets are essential to American prosperity, the tendency is all toward increased restriction.

It has been nearly forty years since the tariff has been the subject of really systematic study and economic, as distinct from political agitation. In the United States there are many reasons to anticipate that the next decade will witness a renewal of that scrutiny of the economic basis of protection and of that demand for a tariff for revenue only which culminated in the election of Grover Cleveland in 1884.

BENNETT'S OPPORTUNITY TO REDEEM HIS PROMISES

The Manitoba Free Press says that "With a clear majority in Parliament the prospective Bennett Government should be in a position to carry out the pledges made by the party. There need thus be no anxiety about the unemployment situation in Winnipeg and other cities during the coming winter. The people have been assured that there was no reason why there should be any unemployment and that it should all be cleared up in a few weeks. It is just possible that the Conservative party in office may discover that there is a municipal and provincial responsibility in regard to unemployment as well as a federal responsibility. But either the unemployment will be banished or that pledge will soon go by the board and the continuance of any considerable number of men in this condition will be a standing reproach to the party about to take office.

Another very definite pledge, the fulfillment of which will be of great interest to the public was that of protecting the consumer against rising prices due to increases in the tariff. In the tariff

resolution passed at the Conservative convention in Winnipeg in 1927 this matter was referred to as follows:

"Should it (the tariff commission) find that unfair advantage is being taken of tariff duties, it shall make recommendations, to be given effect to by the government, for reducing or removing tariff schedules or imposing special duties of excise upon products in respect of which such advantage has been taken, and its reports, findings and reasons therefor shall be laid before Parliament and made known to the public."

Mr Bennett was not so specific as this in his campaign speeches but he gave the pledge everywhere and in the most positive terms that the people would be protected from rising prices following tariff increases. Speaking in Winnipeg on June 9, Mr Bennett said:

"It will be the duty of the Conservative party to see that our tariffs can operate as well in the service of the consumer as the producer. Tariffs properly controlled will ensure our markets to our producers and internal competition will control prices. If any producer levies an excessive charge, I will put a stop to it.

"Rational employment of the principle of safeguarding of industry will not permit any producer to take advantage of the benefit, and the government of which I am the head will institute action to end that, or will perish in the attempt."

Mr Bennett now has the field, or soon will have, and the consumers will watch with particular interest how this pledge is honored. If the duties are raised on motor cars or farm implements, the prices are to remain the same. If the tariff on woollens and silks goes up, such goods are not to cost the consumer any more. The Conservative leader gave this pledge from coast to coast. It was a very definite part of his tariff policy and its fulfillment will be expected. We shall soon see whether the experiment succeeds in the face of the ingenious methods that will doubtless be used by protected interests to obtain the maximum benefit from tariff increases.

Uncle and niece stood watching the young people dancing about them.

"I bet you never saw any dancing like that back in the nineties, eh, Uncle?"

"Once—but the place was raided."

"Why do fish grow the fastest of all living things?"

"Because the average fish caught grows a few inches every time the story is told, said Chas. Keeling."

"What letter comes after 'h'?" demanded the teacher.

"Please, miss I don't know," answered Tommy.

"Well, what have I on each side of my nose?" pressed the teacher. "Looks like powder, miss," said Tommy.

"I suppose you'll want me to give up my job, Herb, when we are married?"

"How much do you earn?"

"Twenty dollars a week."

"That's not a job. It's a career. I wouldn't want to interfere with your career, darling."

"Look at the lovely radio set I got today, dear, and only \$5 a month."

"For how many months?"

"Oh, I forgot to ask."

How About Paying YOUR STANDARD Subscription To-day

Thrift is a most commendable trait. The practice of knowing what one gets for one's money—and getting it.

Can you think of anything that gives you more value for your money than this?

Notice that friends of yours, or friends of your friends are, visiting; have visitors; are ill; have been bereaved; have rebuilt or remodelled their home; bought a new home; are officers in a society; have been blessed with a new baby; that they have had an accident, or been married. In fact, the intimate activities of the community family life are reflected in the pages of your local news paper 52 weeks in every year.

Besides, you read of your Municipal Council's activities; of the progress or retrogression of your district, and literally hundreds of other items.

The business people send you each week messages of savings, latest styles, patterns, and weaves in wearables, and tasty economical food stuffs. You can stay indoors for weeks and still be better informed of vital community affairs than many who are continually about and trust to hearsay for news through your local paper.

Do you honestly believe that you get a bigger or better two dollars worth any where? If you agree with us that you do not, will you try to make our task of keeping our subscription list paid up, easier, by watching the label on your Standard and paying YOURS when it falls due? Thank you. Just to be sure—turn to the first page now and

Rockyford

The Annual Rockyford Sports Day held on Wednesday, July 24th was a decided success, considering the year and the condition of the crops. Many visitors from other towns were present and an Aero plane piloted by Arthur Deane of Calgary was in attendance all day, and made many trips with passengers. The program of sports was opened at 11 noon by a basketball game between Strathmore and Rockyford High School boys. This was a good game only the score was rather one-sided, with 17 to 7 in favor of the home team. The honors in the much talked of Horse Show Game were all carried off by the players from Standard while the Pre-for-All Horse race was won by first Ed. Fier, second W. Knight, third, Mr. Allen. A great many foot races and novelty races were conducted during the afternoon but the big event of the day was the Senior Baseball game at 4 o'clock between Strathmore and Rockyford. This was one of the best games of the season for the Strathmore team, being but one error in the whole game. After the score of 3 to 2, in favor of Rockyford was made by the end of the 10th inning they were unable to score, being entirely a no run game from there on. The game in the evening in the hall was well attended and Lew Davis' Orchestra was very popular. The Ladies Aid Society conducted a refreshment booth at the sports ground, which proved very popular as was also the tea room which was opened this day for the accommodation of part of the crowd.

Mr. W. Gillespie and W. Clements and party left on Monday morning for a week's fishing up the Highwood River.

The services at the United Church on Sunday, August 10th, will be conducted by Mr. Carson of Calgary, who will give a talk on the peace movement. Mrs. Carson's news from being interested in the Universal Peace is the president of the Women's Section of the Ladies Party in this province, and until here she has been in the province. She is a former member to the Calgary School Board. The ladies of Rockyford and Homestead in sponsoring this talk of Mrs. Carson's give everybody a hearty welcome to be present on August 10th at 7:30 o'clock.

Mr. and Mrs. Bragg and family visited with friends at Three Hills on Sunday last.

Mr. J. Black and family have returned from their summer vacation at Sylvan Lake where they have been spending a month.

The final play for the Provincial Senior Amateur Championship will be played in Rockyford on August 10th between the *Chippewas* and the *Beavers* team at 2 o'clock. This is the neutral ground chosen for the final event and will be the scene of much excitement.

Mr. Hanna and Mr. Carpenter took a party of two car loads on a sight seeing trip to Turner Valley on Sunday.

The results for the 10 and 11 grade High School Exams have been received by the pupils and show a splendid return.

Almost everyone at the Miller Ranch have been sick for the past week. We trust they are on the way to recovery now.

The Chicago Athletics Colored Baseball Club visited Rockyford on Tuesday. A good crowd gathered to witness the exhibition but were slightly disappointed that the local boys failed to score while the "Barbies" ran up a score of 6-1.

The M. D. of KEOMA, No. 249

ROCKYFORD COUNCIL MEET

A regular meeting of the Council of the Municipal District of Goodwood, No. 248 was held in the office of the Secretary-Treasurer on August 2nd. All members were present. Meeting was called to order at 2 p.m. by the Mayor.

Minutes of previous meeting were approved as read. The following financial statement was read and approved: Receipts, Cash on hand June 30th 135.75 Tax Collections 592.41 Loans 680.00 Other sources 158.14 Total receipts 1466.26 Disbursements including June 30th 1490.27 Net Bank Balance 275.99 Outstanding Cheques July 31st 49.99 Bank Balance 1729.54

Moved and carried that the Mayor notify the Board of Education and the Board of Agriculture to discontinue cultivation road allowance between Sections 25-24 and 25-26 all in town ship 27, range 26 west of the 4th and to request said Colony to remove all fences off from all road allowances which are now fenced. A letter was read from M. J. Jensen relative to road, same was referred to Council for Report.

The death occurred on Monday at his home of Horace Larson of his 76th year. He was born in Wisconsin but had lived in Canada for many years, the latter period in Rockyford. Mr. Larson had been in failing health for the past year. He is survived by his widow. The funeral took place at St. Rita's Church on Tuesday where the services were conducted by Rev. Father Killeen.

WANT AD IN THE STANDARD

BRITAIN PLANS TO AID FARMER AND JOBLESS

London - Philip Wharton, Chairman of the Executive in the House of Commons on August 1 outlined a large scale of government proposals for new legislation to put unemployed upon the land and help them, and British farmers generally, to market their crops through state aided co-operative organizations.

A simplified procedure would be provided for taking up land by local authorities for small farms and gardens. Areas for similar purposes would also be acquired by the central government agriculture department. Model farms are to be started with a view to providing training in agriculture.

Another feature of the scheme is the British machinery for developing community markets for agricultural produce with powers to borrow on easy terms from the state for the necessary food storage works, abattoirs and transport service, and also to compel the Ministry of producers to co-operate.

A committee is also to be appointed to examine what is known as the "fixed" cottage system which is regarded as one factor which is making for low wages in British agriculture. Under this system all present landowners by monopolizing the available living accommodations in sparsely populated farming areas are said to have been able to put pressure upon workers with large families to accept wages below those which might otherwise have been successfully demanded.

SONAVENTURE RECOUNT GIVES LIBERAL VICTORY

Quebec, Aug. 5.—A recount in Sonaventure County shows the election of Hon. Charles MacNeil, Liberal candidate to the House of Commons, with a majority of 46 votes returning an opponent to Parliament. It was formerly rumored that a recount would see D. Morgan, Conservative candidate, returned. Under Senator Paré, Liberal organizer Tuesday made known the outcome of the recount.

J. B. PATULLO, K. C. VANCOUVER, IS DEAD

Vancouver, Aug. 6.—James Henry Patullo, K. C., aged 66, Vancouver lawyer, barrister and brother of Hon. T. D. Patullo, provincial Liberal leader, died at his home Tuesday night.

Beating the world's record in passenger traffic operation, Western Canada comes into the high line year with the 1930 continuous season 2008. A number of locomotives of this class are being built by the railway company with roller-bearing wheels which will still further improve engine operations on long runs.

The season's first climb of Mt. Temple, 12,000 feet peak in the Rockies, was made last week by Dr. J. G. MacNeil of Philadelphia, who was with and his wife, and W. Kerr, of Vancouver. Edward P. Kerr, who was with him in the Rockies, was in charge of the climb which started out from Glacier Lake, about 10 miles from the base of the mountain, and reached the summit at 10 p.m.

Difficulties met by Canadian and United States motorists when taking routes in Europe have been overcome by facilities offered by the Canadian Pacific Railway under the terms of a new agreement. The Company arranges for the necessary permits and registration documents for every country to be visited, driving licenses, tourist plates, and membership in the Royal Automobile Club. The car is loaded within an hour of the ship's arrival and is furnished with all and a small supply of gasoline and made ready for the journey. No red tape and no hard or other financial expenses required.

Believed to be the largest salmon ever taken by fly on the Midway River, Cape Horn, was caught by the fisherman, who was fishing for its solution, near a small town, where the fish was 21 inches long and with a girth of 12 inches. The fish has been photographed for reproduction in the Saturday Evening Post.

The railway trade meeting problem is not a problem in the way of making but essentially a financial problem and one of the ways for its solution rests upon the fact that the railway industry of W. P. Portland, Chief of the industry of Safety, United States Interstate Commerce Commission.

state for the necessary food storage

works, abattoirs and transport service, and also to compel the Ministry of producers to co-operate.
